1.0 INTRODUCTION

- 1.1 In response to the ongoing economic recovery following the pandemic, the Government announced there would be support to help the hardest hit families and individuals. The expectation is that funding should primarily be used to support households most in need with food, energy, and water bills.
- 1.2 Originally, the Government announced on 30th September 2021 that it would provide a Household Support Fund Grant to cover the period 6th October 2021 to 31st March 2022. Rutland County Council has been allocated £157,371.07 funding for the scheme.
- 1.3 The scheme was extended again from 1st April 2022 to 30 September 2022 to support those most in need with significantly rising living costs. Rutland County Council has been allocated £157,371.07 funding for the scheme.
- 1.4 The Government have announced that the scheme will be extend to 31 March 2023, but no guidance or funding has been issued to date. This policy only applies to the extension to 30 September 2022.
- 1.5 This policy sets out the Councils approach of reflecting the key principles of the Household Support Fund and our eligibility criteria.

2.0 LEGISLATION

- 2.1 Local authorities will be responsible for delivering grants to eligible households. The Department for Work and Pensions (DWP) will provide funding under section 31 of The Local Government Act 2003.
- 2.2 The DWP have issued guidance called 'Household Support Fund: - guidance for County Councils and Unitary Authorities in England'. The guidance can be found here <https://www.gov.uk/government/publications/household-support-fund-guidance-for-local-councils>
- 2.3 Local authorities have discretion on exactly how this funding is used within the scope set out in the guidance. This policy sets out how this will work for Rutland County Council.
- 2.4 The Household Support Fund will be delivered over a number of months in order to capture and support as many eligible households as possible prior to the fund closing on 30 September 2022.

3.0 POLICY AIM

- 3.1 The policy aims to support vulnerable households in most need of support with the cost of food, energy (heating, cooking, lighting) water bills (including sewerage) and other essentials.

3.2 The DWP have encouraged Council's to adopt the following principles which has formed the basis of our approach:

- Use of discretion on how to identify and support those most in need, taking into account a wide range of information;
- Use the funding from 1 April 2022 to 30 September 2022 to meet immediate needs and help those who are struggling to afford energy, food and water bills, and other related essentials and wider essentials.
- In exceptional cases of genuine emergency, it can be used to support housing costs where existing housing support schemes do not meet this exceptional need;
- Work together with other with District Councils including, where necessary and appropriate, other local services, such as social and care workers to help identify and support households within the scope of the scheme.

3.3 This policy applies from 1st April 2022 to 30th September 2022.

3.4 The funding should be distributed as follows:

- At least one third of the funding is for vulnerable households with children;
- At least one third of the funding is for pensioners; and
- The remaining funding is available for other households e.g. without children, individuals, or for additional spend on the named groups above.

3.5 Should the Council have no funds remaining after making initial payments, then all other applications will be rejected.

3.6 The Council reserves the right to change or adapt the policy according to the available funds and changes made to the Governments guidance.
