Windfall Allowance	583	<p>Detailed figures for the Windfall Allowance are based on information supplied to the Planning Inspector at the Site Allocations & Policies DPD Examination – See document: Windfall Housing Supply (December 2013).</p> <p>The projected windfall figure of 37, is based on the following information taken from the above-mentioned document:</p> <table border="1" style="margin-left: auto; margin-right: auto;"> <thead> <tr> <th></th> <th style="text-align: center;">Average windfall completions (excl. gardens) from 2006/07 – 2012/13</th> </tr> </thead> <tbody> <tr> <td>Oakham</td> <td style="text-align: center;">6</td> </tr> <tr> <td>Uppingham</td> <td style="text-align: center;">5</td> </tr> <tr> <td>Local Service Centres (7)</td> <td style="text-align: center;">10</td> </tr> <tr> <td>Other Villages</td> <td style="text-align: center;">16</td> </tr> <tr> <td>Total</td> <td style="text-align: center;">37</td> </tr> </tbody> </table> <p>The 'Other Village figure' is reduced by 50% to reflect planning policy which reduces the circumstances allowing for additional residential development in the Other Villages (applies to smaller service centres & restraint villages).</p> <p>The windfall allowance for small site completions is calculated below. Outstanding commitments are deducted to avoid double counting inflating the small site windfall allowance. The allowance is 37 minus the average annual projected small site commitment completions.</p> <p>37 (windfall projection) x 20 = 740</p> <p>740 – 157 (gross small site commitments) = 583</p> <p><i>Source - Windfall Housing Supply Statement 10.12.13</i></p>		Average windfall completions (excl. gardens) from 2006/07 – 2012/13	Oakham	6	Uppingham	5	Local Service Centres (7)	10	Other Villages	16	Total	37
