Response:

In order to determine this, an officer would have to manually inspect records to determine whether it fell within the scope of your request and if so, extract the relevant data. Given the number of records involved, we believe it to be a reasonable estimate that to comply with your request would exceed the appropriate cost limit of £450. This figure is set out in Regulations and is equivalent to one person working more than 18 hours to determine whether we hold the information, and to locate and extract the information.

Under section 12 of the Freedom of Information Act the Authority is not obliged to comply with your request and we will not be processing your request further.
You are free to use any documents supplied for your own use, including for non-commercial research purposes. The documents may also be used for news reporting. However, any other type of re-use, for example by publishing the documents or issuing copies to the public will require the permission of the copyright owner, where copyright exists. Such a request would be considered separately in accordance with the relevant Re-use of Public Sector Information Regulations 2005 and is not automatic. Therefore, no permission is implied in the re-use of this information, until such a request to re-use it has been made and agreed, subject to any appropriate conditions. Any request to re-use the information should be made to me at the address below.
