3. Once logged in, click on the Find opportunities link as shown.

- In the next screen, all of the opportunities that have been advertised are listed in the centre of the screen. You can filter these down by the Council (buying organisation), by dates, keywords or CPV (Common Procurement Vocabulary) if you know it. If you apply a filter to redefine your search, click on the green update button at the bottom left part of the screen.

The screenshot shows the 'Opportunities' search interface. The left sidebar contains several filter sections: 'Portals' (set to 'All'), 'Organisations' (set to 'All'), 'Categories' (with options to add UNSPSC, NHS eClass, CPV, and Proc HE categories), 'Regions' (set to 'All'), 'Keywords' (empty input field), 'Include closed' (radio buttons for Yes/No), 'Expression date' (start and end date pickers), and 'Published date' (start and end date pickers). At the bottom of the sidebar are 'Reset' and 'Update' buttons. The main table displays search results with columns for Title, Buyer, Expression Start, Expression End, and Estimated value. The table lists various procurement opportunities from different buyers like Gateshead Council and Newcastle University.
