Good afternoon,

Regarding the above-mentioned plan, I have one comment to make. The existing facilities of the village are well used. Of these facilities, three are grouped very close together (the community shop, the church and the pub) and parking is, at times, an issue, especially when all three are in action simultaneously. I do not think that there is much in the plan that properly addresses this issue and I should like to suggest that a concrete plan be realised at the time of any increase in the population of the village through the building of more houses.

With best wishes,

Peter Onslow
