

RE: Market Overton Neighbourhood Plan Reg 16 Consultation Reminder

Stuart Crook

To Local Plan

 Follow up. Start by 05 September 2022. Due by 05 September 2022.

One minor point to raise in relation to proposals for the industrial estate.

The access road is in fact a public bridleway (E50F).

At some time in the past, someone (presumably the owners) constructed a tarmac road over the bridleway.

This is not great for horses (tarmac surface and traffic), and any proposals to increase traffic will only make things worse.

Situation may need to be addressed prior to giving consent to any proposal that will increase traffic.

Regards
