

Miscellaneous responses to Issues and Options Consultation

| Rep id | Respondent (ID) | Agent | Misc Responses - Summary |
|--------|---|-------|---|
| 4291 | Leicestershire Police (Stephen Day, Architectural Liaison officer) [248] | | <p>Leicestershire Police will work closely with our partners to design out risks wherever possible, areas including public space, shop frontages and appropriate security such as shutters should include sympathetic design and be in keeping with local architecture, whilst still providing effective security.</p> <p>Other key areas where planning can support the local businesses includes the night time economy and effective planning including lighting and use of CCTV.</p> <p>Leicestershire Police will continue to review our existing estate. Leicestershire Police would been keen to work in partnership with Rutland County Council to identify enhanced potential Police estate including staff parking.</p> <p>Where new demand is placed on Policing resources due to expansion Leicestershire Police, Rutland County Council and people within Rutland County area would benefit from support of the provision of S106/CIL and future S106 bids will be considered in support of Policing provision within the Rutland County Council area.</p> <p>Continue having the opportunity to comment on a number of applications in respect to large developments either residential or commercial also where there is an increased risk of public safety via open space and large footfall as well as areas relating to changes to the night economy would be appreciated. Traveller provision is another area where Policing considerations are recommended wherever possible for comment.</p> |
| 4287 | Mr Richard Boston [909] | | <p>Rutland is a small rural county based on agriculture and tourism with little scope for job creation, the plan would develop prime agricultural land resulting in more, rather than less, intensive farming methods being used; environmentally very unsound</p> |

| 4283 | National Grid [66] | Avison Young (Matt Verlander, Director) [1147] | <p>National Grid is happy to provide advice and guidance to the Council concerning their networks and the National Grid assets within Rutland.</p> <p>National Grid wishes to be involved in the preparation, alteration and review of plans and strategies which may affect their assets.</p> |
| 4228 | National Highways (Mrs Catherine Townend, Spatial Planner) [1063] | | <p>Principle interest is to safeguard A1.</p> <p>We wish to understand if the site at St. George's Barracks, Woolfox Garden Village, previously determined to not be deliverable, or any other new communities will be taken forward in the new Local Plan. National Highways will have an interest in understanding how the proposed growth has the potential to cumulatively impact the SRN.</p> <p>We expect sufficient transport evidence is undertaken to assess the scale and significance of the Local Plan impacts on the SRN. This should be undertaken at the earliest possible stage in the local plan development to ensure that the transport implications and infrastructure needs are well considered.</p> <p>We are happy to help establish the requirements for a strong transport evidence base. Following this, we ask that the evidence base is shared with us for our review and comments. We would like to emphasise the importance of early engagement to understand potential infrastructure needs, timescales and funding requirements.</p> |
| 4226 | Forestry Commision (Neil Jarvis, Local Partnership Advisor) [1146] | | <p>Development must ensure it does not result in the loss or deterioration of irreplaceable habitats including ancient woodland, unless "there are wholly exceptional reasons and a suitable compensation strategy exists"</p> |
| 3932 | Anglian Water (Darl Sweetland, Spatial Planning Manager) [234] | | <p>Glossary. Blue infrastructure should be defined potentially as an addition to the green infrastructure definition.</p> |
| 3984 | Clipsham Parish Meeting (Clifford Bacon) [110] | | <p>To move from this Issues & Options stage to a Regulation 18 Local Plan is far too large a step and will act against RCC's renewed commitment this time to work much closer with all the stakeholder communities of Rutland in developing and preparing this Local Plan.</p> <p>RCC should engage fully with the community over the statistical approach to the analysis of all the community inputs to this questionnaire. The community needs to understand how the</p> |
