Plant flowers / trees to encourage more and different bugs / wildlife

Q6. **Do you think you will want to live and / or work in Rutland when you finish your education?**

No

Q7. **Why not?**

Not many work opportunities for the career I am going into and Rutland is more of a retirement area than for younger people.

Q8. **If you had one wish, how would you use it to make Rutland an even better place to live?**

Better links between the community and the local schools, whether that is in the form of initiatives to help welcome students into the possibilities of the world of work or work together to support mental health, it would be wonderful if Rutland supported its schools and had a better relationship with the pupils attending them. It would also be great if there were more volunteering opportunities for younger and older teenagers as we find that a lot of students have to look outside of Oakham for such experience.

Q9. **Is there a place (similar to Rutland) you have visited that you have loved?**

No

Q10. **Please tell us why you loved it:**

not answered

**Q11. Is there anything you don't like about being a young person in Rutland?**

Rutland and particularly Oakham is more of a retirement area and doesn't seem to be for teenagers or young adults.

Yes

**Q10. Please tell us why you loved it:**

Stamford, they have more going on (the fair etc) and more shops etc

**Q11. Is there anything you don't like about being a young person in Rutland?**

Can't rely on the buses as sometimes they don't show up, also no transport in the evenings and I live in a village so I would need to leave Oakham at 5.
