Dear Sir/Madam

### **Draft Edith Weston Neighbourhood Plan under Regulation 16 Consultation**

Thank you for consulting us on the draft Edith Weston Neighbourhood Plan.

Based on the environmental constraints within the area, we have no detailed comments to make in relation to your Plan.

We support Policy EW-GE01 (Natural and Green Environments) which make it clear that development should not cause further deterioration to Rutland water and should seek to improve the water quality. This is important as this watercourse is currently failing to reach good ecological status/potential under the Water Framework Directive (WFD).

Should you require any additional information, or wish to discuss these matters further, please do not hesitate to contact me on the number below.

Yours sincerely

**Rebecca Flint**  
**Sustainable Places Planning Adviser**
